

# OBRAS

INNOVATIVE FACADES AND BUILDING MATERIALS

Redefining Architectural Excellence Across the GCC

## Corporate Profile 2025

For over two decades, **OBRAS International** has redefined the landscape of ventilated façade and architectural systems across the Middle East.

Established in 2005, **OBRAS** began as a bold idea — to merge creative design, engineering precision, and sustainable innovation into a single architectural force.

Today, we define excellence in **ventilated façade solutions** — from material supply and design consultancy to technical expertise and project delivery across the **UAE and GCC**.

*Our approach isn't just about building façades — it's about crafting identity through architecture.*

**Where Engineering  
Meets Artistry**

# Beyond Aesthetics. Beyond Boundaries. Beyond Expectations.

## Our Vision

To be the region's most trusted and innovative façade solution provider, empowering architects and developers to bring bold architectural concepts to life — sustainably, beautifully, and intelligently.

## Our Mission

To transform architectural visions into living, breathing structures by integrating advanced materials, intelligent systems, and exceptional craftsmanship. We deliver façade solutions that perform as beautifully as they look

## Our Philosophy

We believe every structure tells a story. Our role is to translate that story into a built form that reflects durability, sustainability, and timeless design.

# What Makes OBRAS Different

**Ventilated Façade Expertise with Depth** – Over 20 years of specialized experience in ventilated façades, high-performance cladding, and innovative façade systems.

**Global Partnerships** – Exclusive partnerships with leading global brands such as PARKLEXPROMA, EQUITONE, WOODN, TECHLAM, ULMA, XYLTECH, ARGOS, DECUSTIK and EXAGRES

**Sustainability by Design** – From eco-certified materials to energy-efficient façade systems, we drive projects toward green building compliance and reduced carbon footprints.

**Architectural Collaboration** – We work hand-in-hand with architects, consultants, and developers to transform concepts into buildable, optimized solutions.

**Precision Engineering** – Technical teams ensure quality control and seamless delivery from concept to completion.

# Building Tomorrow's Identity.

## Façade Solutions

*Every façade tells a story of precision and purpose.*

At OBRAS, we supply high-performance systems that breathe with the climate—delivering designs that protect, perform, and inspire through intelligent material integration and timeless visual harmony.

## Interior & Acoustic Solutions

*Design You Can Hear and Feel.*

Designed to inspire comfort and clarity, our interior wall and acoustic systems elevate every environment — harmonizing visual elegance with exceptional sound performance.

## Project Management & Technical Assistance

*Where vision meets flawless execution.*

OBRAS integrates design intelligence with technical rigor to ensure that every façade project achieves global benchmarks in safety, performance, and sustainable construction excellence.

# Façade Cladding Systems

## Natural Wood Cladding

*Timeless warmth with exterior endurance*

**PARKLEXPRODEMA**

## Fiber Cement Façades

*Sculptural surfaces for architectural identity*

**EQUITONE**

## WPC Cladding & Louvers

*Italian design, composite innovation*

**WOODN**

## Sintered Stone

*Slim. Strong. Sophisticated.*

**TECHLAM**

## Engineered Stone

*High-performance façades with crafted finish*

**ULMA**

## WPC Decking

*Sustainable comfort for outdoor spaces*

**XYLTECH**

## Engineered Ceramics

*Profiled tonal terracotta cladding*

**TONALITY**

## WPC decking and ribbed cladding / Ceiling

*Durable design for outdoor living*

**EXTERPARK**

## Porcelain Cladding

*Engineered precision for modern façades*

**EXATECH**

# Performance Meets Aesthetic Durability

# Interior Material Solutions

## Natural Wood Cladding

*Natural wood panels that bring warmth and authenticity*

**PARKLEXPRODEMA**

## Fiber Cement - Interior

*Architectural fiber cement panels with sculptural texture*

**EQUITONE**

## Sintered Stone - Interior

*Ultra-slim sintered stone surfaces for contemporary interiors*

**TECHLAM**

## WPC Cladding and Ceiling

*Composite ceilings and decorative cladding for versatile design*

**WOODN**

## Acoustic Solutions

## Wood Acoustic Panels

*Sound control through crafted geometry.*

**DECUSTIK**

## Design Consultation & Technical Support

**Expert guidance from concept to completion**

*Collaborating with design professionals to turn creative vision into precise, sustainable reality*

# Where design intent becomes built reality

# Trusted Partnership

## PARKLEX PRODEMA

### Natural Wood Surfaces

*Real wood veneer engineered for extreme climates.*

### Fibre Cement Panels

*Monolithic, through-coloured façade material designed by architects.*

### Technical Wood Composites

*FSC-certified, low-maintenance material that blends nature and technology.*

### Sintered Stone Panels

*Ultra-slim, large-format slabs for façades and interiors.*

### Engineered Stone Facades

*Durable, seamless façade systems with precision detailing.*

### Eco Composite Materials

*100% recyclable, weather-resistant wood composites.*

### Acoustic Solutions

*High-performance decorative acoustic panels.*

### Porcelain Slabs

*Prefabricated panels with modern texture and strength.*

### Porcelain Facades & Decking

*Ventilated ceramic façades and technical flooring*

### Exterior Decking

*Hidden-fix decking in natural wood and eco composites.*

# Building Responsibly

- Fire-rated façade and cladding systems
- Tested for acoustic, thermal, and mechanical performance
- Sustainable sourcing and environmental certifications
- Compliance with regional and international building codes

## Etex Group

has successfully achieved Cradle to Cradle Certified® Bronze for the product(s) under the name:

## EQUITONE fibre cement facade materials

Please see the List of Certified Products (available on the Cradle to Cradle Certified Product Registry) for all products included in this certification.

Certification Number  
9362

Standard Version  
3.1

Lead Assessment Body  
Upcyclea SAS

Material Health Assessment Body  
ARCHE Consulting

Effective Date  
20 December 2024

Expiration Date  
22 September 2026

Elwyn Grainger-Jones  
Executive Director  
Cradle to Cradle Products Innovation Institute

See the Cradle to Cradle Certified Product Registry at [www.c2ccertified.org](http://www.c2ccertified.org) for additional details. Use of the certification marks is subject to the terms and conditions of the C2CPI Certification Agreement and Trademark Use Guidelines. ### Certificate of Surveillance

This is to certify that Quality Management System of

**OBRAS GENERAL TRADING LLC**  
WAREHOUSE 2, STREET 6, AL QUOZ 3, DUBAI, U.A.E

is in accordance with the requirements of the following standard  
**ISO 9001:2015**  
(Quality Management System)

**SCOPE**  
Building Materials Distributors  
(IAF Code: 29)

Certificate Number : 250923019735  
1<sup>st</sup> Surveillance Completed: 22-Oct-2024  
2<sup>nd</sup> Surveillance Completed: 07-Oct-2025  
Initial Registration Date : 25-Sep-2023  
1<sup>st</sup> Surveillance Date : 25-Aug-2024  
2<sup>nd</sup> Surveillance Date : 25-Aug-2025  
Certificate Expiry Date : 24-Sep-2026
