

FAÇADE & EXTERIOR MATERIAL SOLUTIONS

EQUITONE

A2-s1,d0

HIGH DENSITY FIBER CEMENT PANELS
Tectiva | Linea | Lunara | Natura | Pictura

Façades · Soffits · Interiors

Tactile fibre-cement surfaces with dimensional stability and low-maintenance performance.

8 / 12 mm · 1220 × 3050 mm · Riveted or concealed

PARKLEX PRODEMA

A2-s1,d0
B-s1,d0

HPL NATURAL WOOD CLADDING VANNER SURFACE
Natural Timber Veneers

Façades · Soffits · Interiors

Authentic natural-wood expression engineered for demanding architectural applications.

8–14 mm · 1220 × 2440 mm · Concealed or riveted

TECHLAM

A2fl-s1*

LARGE-FORMAT SINTERED STONE SURFACES
Marble | Stone | Concrete | Metal

Façades · Walls · Floors

Ultra-thin stone-look surfaces for seamless, large-format contemporary design.

3–20 mm · Up to 1000 × 3000 mm · Mechanical systems

ULMA STONEO

B-s2,d0

ENGINEERED STONE CLADDING
Natural Stone Appearance

Façades · Base walls · Feature zones

Stone aesthetics, impact resistance and moulded textures within a ventilated façade system.

14–25 mm · Up to 900 × 1800 mm · Concealed mechanical

EXATECH

A1

EXTRUDED PORCELAIN FAÇADE CLADDING
Textured Ceramic Finishes

Façades · Soffits · Feature walls

Durable, low-absorption ceramic rainscreen panels with concealed fixing.

11–18 mm · 400 × 800 / 600 × 1200 mm

ARGOS

A1

XXL PORCELAIN SLABS
Marble | Stone | Concrete | Metal

Façades · Interiors · Walls · Floors

Large-format porcelain with strong UV, stain and chemical resistance.

6 / 12 / 20 mm · Up to 1000 × 3000 mm · Concealed

TONALITY

A1

PROFILED TERRACOTTA FAÇADE
Glazed / Textured Custom Colours

Façades · Screens · Feature walls

Deep profiles, shadows and colour permanence for expressive ceramic architecture.

System-based profiles · Concealed clip system

LUCEM

A2

LIGHT-TRANSMITTING CONCRETE

Feature façades · Walls · Illuminated surfaces

Concrete surfaces that reveal light, silhouettes and custom graphic effects.

30 mm · A2 nonflammable · 1200 × 600 / 1000 × 500 mm

INTERIOR, ACOUSTIC & LANDSCAPE SOLUTIONS

DESIGN-LED SHORTLISTING · PROJECT-SPECIFIC VERIFICATION

HANSOL

VARIES

INTERIOR WALL & DECORATIVE SURFACES

Walls · Ceilings · Doors · Furniture

Coordinated wood, stone and solid-colour interior finishes with eco-conscious panel options.

E0-grade options · Flame-retardant collections

DECUSTIK

VARIES

ARCHITECTURAL ACOUSTIC WOOD PANELS

Walls · Ceilings · Feature zones

Custom perforations and timber finishes that integrate acoustic control with interior design.

12–30 mm · NRC up to 0.90 Concealed systems

WOODN

B-s1,d0*

WPC ARCHITECTURAL PROFILES

Louvers · Pergolas · Ceilings · Cladding

Warm wood aesthetics with rot, moisture and low-maintenance advantages.

20–40 mm profiles · Concealed support systems

XYLTECH

VARIES

WPC DECKING & OUTDOOR PROFILES

Decking · Landscapes · Walkways

Weather-resistant outdoor surfaces designed for efficient installation and daily use.

20–25 mm typical · Concealed fasteners

EXTERPARK

VARIES

RAISED DECKING & PEDESTAL SYSTEMS

Terraces · Pool decks · Public realm

Accessible raised-deck systems with replaceable boards and coordinated pedestal support.

20–30 mm decking · Concealed systems

QUICK SPECIFICATION SELECTION GUIDE
